David Ramsden-Wood was the Co-Founder and COO of OneEnergy Partners and began his career in energy as a Reservoir Engineer for Anadarko in 2001. Throughout his career, he has held roles across the analytical spectrum, everything from Completion and Production Engineering to Business Development. One of David's key skillsets is his ability to analyze the flow of funds throughout the opportunity set and interpret market trends which David now shares through his #hottakeoftheday podcast and blog, providing lively insight into company finances, market pricing, development strategies, and consolidation.
